”

# | Editorial |

AFTES, the French Tunnel and Underground Space Association, is holding its 18<sup>th</sup> Congress on 12-14 October 2026 at the Grand Palais in Lille. This event, held every three years, is a must for underground specialists, and brings together project managers, engineers, architects, town planners, contractors and suppliers, safety and insurance professionals, among others.

The main theme of this year's event will highlight the extent to which the underground environment can provide an appropriate response to the many challenges of our time: "New challenges, underground solutions".

Aside from the traditional uses for services such as low-carbon public transport or the transport and storage of drinking water and wastewater, underground structures open up a vast array of new solutions to address the challenges facing our societies.

The underground can provide solutions to a number of issues, including the safe transport and storage of energy and final waste, the security and durability of sensitive and strategic installations, the pooling of uses for "maximum utility" projects, an essential condition in a context that demands sobriety and sustainability for future infrastructures.

Underground space also has the potential to be a "tool for urban reclamation", serving the more sustainable functioning of cities, resources and flows, and the reclamation of surface space for housing, gardens and the like.

This broad theme will focus on sustainable solutions to environmental, energy and safety issues, technological innovations and new techniques in underground works, the underground city and its applications in urban management, the health and safety of workers in underground environments, the financial and organisational challenges of major underground projects and the future of underground infrastructures.

As in previous years, there will be a large number of presentations over the three days, and a large exhibition will provide an opportunity for specialists to present their work and meet one another. The AFTES attaches great importance to the cordiality, friendship and welcoming nature of the numerous attendees, including many international guests and students, which further enhances the quality of the discussions.

A training day on water and underground works will precede the opening of the congress on Sunday 11 October 2026.

Dedicated student days, a special issue of our TES magazine, a photo competition and other events will round off the conference programme.

We hope to see as many of you there as in previous years, and we look forward to welcoming you to this very hospitable region, which is also to reach using low-carbon forms of transport.

**Hubert TOURNERY**  
President of AFTES

**Philippe MILLARD**  
President of the congress committee

# | Introduction |

## THE FRENCH TUNNEL AND UNDERGROUND SPACE ASSOCIATION (AFTES)

The French Tunnel and Underground Space Association (AFTES) unites all the players in our field: investors, owners, project managers, engineering and auditing firms, research and training centres, contractors, consultants, architects, city planners, equipment manufacturers, teachers, and more.

### THE ASSOCIATION'S MAIN OBJECTIVES ARE TO:

- Establish and share a high-level technical doctrine reflecting the state of the art and feedback from professional experience,
- Advance knowledge in its areas of expertise,
- Facilitate exchange between members and disseminate the work and recommendations of its Working Groups as widely as possible, and more generally all the technical, contractual, social and environmental information available,
- Promote underground space and support all initiatives that help to promote it,
- Develop and disseminate the expertise of French engineering, companies and manufacturers,
- Get young engineers and technicians in the building and public works sector interested in underground careers

## 18<sup>th</sup> AFTES

## INTERNATIONAL CONGRESS 2026

Organised by the French Tunnel and Underground Space Association (AFTES), the 18<sup>th</sup> AFTES International Congress 2026 is the must-attend event for all those involved in underground engineering, bringing together experts, manufacturers, contractors and public policy makers for three days of exchanges, innovation and business opportunities.

Held every three years, the event features an international exhibition, technical conferences overseen by the Scientific Committee, and speaking opportunities in secondary rooms hosted by the sponsors.

The programme also includes an opening ceremony, welcome reception, gala evening, business lunches and networking coffee breaks, encouraging strategic encounters and new collaborations.

Whether you want to exhibit, sponsor or attend as a delegate, the 18<sup>th</sup> AFTES International Congress 2026 is the key event for learning new things, exchanging ideas and developing your business in the underground sector.

## OF THE 18<sup>th</sup> AFTES INTERNATIONAL CONGRESS 2026

### FRANCE, THE PERFECT DESTINATION FOR AN INTERNATIONAL CONFERENCE ON TUNNELS

With its recognised expertise in underground structures and some of the most ambitious infrastructure projects in Europe, France is the obvious choice to host an international conference on tunnels.

The Grand Paris Express, Europe's largest urban transport project, is a perfect example of French expertise in mechanised excavation, geotechnical engineering and managing complex projects.

The sector's growth has been supported for over 50 years by AFTES, a key player and partner of ITA-AITES, which has already demonstrated its ability to organise benchmark international events.

Choosing France means offering the international tunnelling community a forum that is worthy of the challenges facing the sector: innovative, unifying and forward-looking.

### LILLE, STRATEGIC CROSSROADS OF EUROPE

Lille is a city in an exceptional location, at the centre of Europe and in the immediate vicinity of several major capitals. Located just 1 hour by train from Paris, 35 minutes from Brussels and 1 hour 20 minutes from London by Eurostar, Lille is a remarkably accessible city for visitors and professionals from all over Europe. Lille is a European crossroads

Its location at the intersection of European trade makes it a strategic choice for large-scale events.

Lille has become known as a lively and innovative city thanks to its major infrastructure projects, particularly in tunnels and underground spaces. It is a veritable laboratory for modern underground solutions, with emblematic achievements such as the automatic metro network, the first of its kind in the world, and many underground redevelopment projects that promote better management of urban space.

### LILLE GRAND PALAIS

For 30 years, Lille Grand Palais has been the place to be for organising and staging major events north of Paris. Lille Grand Palais offers comprehensive solutions. The teams will work with you from the design stage to the event itself: corporate events, parties, cocktail parties, competitions, graduation ceremonies, conferences, trade fairs, exhibitions, etc.

# | Why become |

## A MAJOR SPONSOR AND EXHIBITOR?

### THE MUST-ATTEND CONGRESS

With 3,000+ participants, 160+ exhibitors, 90 expert speakers, and attendees from 40+ countries, AFTES International 2026 is the must-attend congress for tunneling and underground infrastructure professionals. This is your opportunity to connect with industry leaders, showcase cutting-edge innovations, and generate high-value business leads in a world-class setting.

### EXHIBIT

#### SECURE A BOOTH & GAIN MAXIMUM MARKET VISIBILITY

Position your company at the center of the underground construction industry by exhibiting at AFTES International 2026.

With 3,000+ industry professionals, including engineers, contractors, and public authorities, this event guarantees unmatched exposure. Join 160+ exhibitors and engage with attendees from 40+ countries, ensuring direct access to key decision-makers shaping the future of underground infrastructure.

Generate leads, strengthen partnerships, and expand into new markets—all from your exhibition stand.

### SPEAK

#### POSITION YOUR BRAND AS A THOUGHT LEADER

Own the stage and showcase your expertise in front of an audience that matters.

Whether through the prestigious Opening Ceremony Keynote, a speaking opportunity in a secondary room, speaking at AFTES 2026 is your chance to elevate your brand, influence industry discussions, and engage directly with decision-makers.

Stand out as a key innovator in the underground construction sector.

### SPONSOR NETWORKING EVENTS

#### CONNECT WITH THE RIGHT PEOPLE

Make your brand the focal point of high-level industry networking by sponsoring exclusive business gatherings.

The Gala evening brings together the most influential decision-makers in a prestigious setting, while the Business Networking Coffee Breaks ensure maximum brand exposure during the most interactive moments of the event.

Position your company where partnerships are built and business deals begin.

### BRANDING OPPORTUNITIES

#### DOMINATE THE EVENT SPACE

Ensure your brand is seen, recognized, and remembered by securing strategic visibility throughout AFTES 2026.

From entrance branding that welcomes every attendee to prime placements in the lobby and business lunch areas, your company will be positioned at the heart of the congress.

Increase brand awareness, reinforce credibility, and maximize engagement with high-impact, continuous exposure.

# | Themes |

## OF THE 2026 EDITION

- 1** Sustainable solutions to environmental challenges
- 2** Technological and digital innovations in underground works
- 3** Opportunities offered by the city and underground infrastructure
- 4** Health and safety of workers in underground environments
- 5** Complex underground projects: financial and organisational challenges
- 6** The future of underground infrastructures: flexibility, resilience and innovation

# | Event targeted segments |

## 2026 EDITION

### Core Industry Stakeholders & Key Players

#### PUBLIC & PRIVATE CLIENTS (PROJECT OWNERS)

- Government Authorities & Municipalities
- Public Transport Operators
- Energy & Utilities Companies
- Mining & Natural Resources Companies
- Urban Planning Agencies

#### ENGINEERING & CONSTRUCTION COMPANIES

- Major EPC (Engineering, Procurement & Construction) Contractors
- Specialized Tunneling Contractors
- Underground Infrastructure Developers

# Equipment & Technology Suppliers

## TUNNELING & DRILLING EQUIPMENT

- Tunnel Boring Machine (TBM) Manufacturers
- Rock Excavation & Drilling Equipment
- Microtunneling & Pipe Jacking Solutions

## STRUCTURAL & SAFETY SOLUTIONS

- Shotcrete & Sprayed Concrete Systems
- Grouting & Ground Improvement Solutions
- Explosion & Fire Protection Systems
- Structural Health Monitoring Systems

## TUNNEL MONITORING & SMART TECHNOLOGIES

- Surveying & Monitoring Technologies
- Ventilation & Safety Systems
- AI & Digital Twin Technologies for Tunnels
- IoT-Connected Sensors for Underground Environments

# Consulting, Engineering, & Research Organizations

## CONSULTING & ENGINEERING FIRMS

- Geotechnical & Structural Engineering Experts
- Tunnel Design & Construction Consultants
- Hydraulic & Underground Water Management
- Risk & Resilience Engineering Firms

## ACADEMIC & RESEARCH INSTITUTIONS

- Leading Universities & Research Centers
- International Research Initiatives
- Urban Underground Planning Research

# Emerging Trends & Innovations

## TECHNOLOGICAL INNOVATIONS & NEW TECHNIQUES IN UNDERGROUND CONSTRUCTION

- Digital Twin & BIM for Underground Infrastructure
- AI-Driven Risk Assessments
- Advanced Materials (Self-Healing Concrete, Fiber-Reinforced Polymers)
- Robotics & Automation in Tunnel Construction
- Modular Precast Tunnel Segments

## SUSTAINABLE SOLUTIONS FOR ENVIRONMENTAL CHALLENGES

- Carbon-Neutral Tunneling Practices
- Energy-Efficient TBMs
- Water Recycling & Sustainable Drainage Systems
- Low-Emission Concrete & Eco-Friendly Materials
- Life Cycle Assessment for Underground Projects

## THE UNDERGROUND CITY & URBAN MANAGEMENT APPLICATIONS

- Smart Underground Space Planning
- Multi-Use Underground Facilities (Logistics, Parking, Data Centers)
- Underground Pedestrian & Cycling Infrastructure
- Resilient Underground Utility Networks

## WORKER SAFETY & OCCUPATIONAL HEALTH IN UNDERGROUND ENVIRONMENTS

- Advanced Ventilation & Air Quality Monitoring
- Autonomous Safety & Evacuation Systems
- Wearable Sensors & Real-Time Health Monitoring
- Noise & Vibration Reduction Technologies

## LARGE-SCALE UNDERGROUND PROJECTS: FINANCIAL & ORGANIZATIONAL CHALLENGES

- Contractual Models for Mega Tunneling Projects
- Project Complexity Management & Risk Mitigation
- Public-Private Partnerships (PPPs) & Alternative Financing Models
- Advanced Scheduling & Delay Prevention Systems
- Interdisciplinary Collaboration & Stakeholder Integration

## THE FUTURE OF UNDERGROUND INFRASTRUCTURE: FLEXIBILITY, RESILIENCE & INNOVATIONS

- Adaptive & Multi-Purpose Underground Structures
- Climate-Resilient Tunnel Designs
- AI-Optimized Underground Traffic & Logistics Networks
- Self-Maintaining Underground Infrastructure
- Energy Storage & Geothermal Applications in Underground Spaces

## Industry Associations & Regulatory Bodies

### TUNNELING & UNDERGROUND CONSTRUCTION ASSOCIATIONS

- Global Organizations
- Regional & National Associations

### SAFETY & REGULATORY BODIES

- Global Standards Organizations
- Occupational Safety & Health Agencies
- Fire Safety & Emergency Response Committees

## Financial & Investment Ecosystem

### INFRASTRUCTURE INVESTMENT FUNDS

- Key Investors
- Venture Capital for Tunnel Tech Startups

### PUBLIC-PRIVATE PARTNERSHIPS (PPPS)

- Large Scale Infrastructure Investments
- Innovative Funding Mechanisms for Underground Infrastructure

## Media, Events & Networking Platforms

### KEY INDUSTRY CONFERENCES & EXHIBITIONS

- Global Tunneling Events
- Wider Construction & Infrastructure Events

### INDUSTRY PUBLICATIONS & MEDIA

- Tunneling-Specific Publications
- General Construction & Infrastructure Media

## À la carte participation - SPEAKING

### **SPEAKING IN A SECONDARY ROOM..... €7,000 before TAX**

Speaking opportunity within a secondary room with a capacity of 100 pax. You will have the opportunity to speak for 30 minutes in a plenary session, showcasing your expertise, solutions or experience in front of a group of targeted audience.

## À la carte participation - NETWORKING

### **SPONSORING THE GALA EVENING..... Please contact us**

Raise your profile and take part in an event where you can network in a friendly, relaxed atmosphere.

#### **SPONSORSHIP CONTENT**

- Your logo on the programme and invitation flyer
- Your sponsorship announced in the programme and newsletters
- 10 Gala evening tickets for your staff

### **SPONSORING COFFEE BREAKS..... €3,600 before TAX**

Easels with your logo will be placed on the buffets during the coffee break  
Other possibilities are available, to be discussed (additional cost)

### **VISIBILITY IN THE CATERING AREA ..... €3,600 before TAX**

Your advertising visual will be placed in the catering area

### **VISIBILITY IN THE RECEPTION AREA..... €5,000 before TAX**

Your advertising visual will be placed in the reception area

**SIDE TARP NEAR THE ENTRANCE..... €3,600 before TAX**

Dimensions: 1.5m (width) X 7.5m (height)

**WINDOW DISPLAYS ..... €3,600 before TAX**  
(unit price/module)

Dimensions: 2.43m (width) X 5.10m (height)  
6 modules available

**DOOR SIGNS..... €3,600 before TAX**  
(unit price/module)

Dimensions: 87cm (width) X 241cm (height)  
4 modules available (2 indoor, 2 outdoor)

**AERIAL DROP TARP (FRONT AND BACK) ..... €3,600 before TAX**  
(unit price/module)

Dimensions: 1.20m (width) X 3m (height)  
8 modules available

**COLUMN COVER..... €3,600 before TAX**  
(unit price/module)

Dimensions: 6.4m (width) X 1.63m (height)  
4 modules available

**ESCALATOR STICKERS ..... €3,600 before TAX**

**SPONSORSHIP CONTENT**

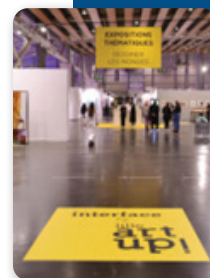

- Giant personalised sticker printed
- **EXCLUSIVE sponsorship**

**PERSONALISED FLOOR STICKERS..... €3,600 before TAX**

Your logo on the signs stuck to the floor of the Palais des congrès:

- Showing the way from the entrance or a room to your stand
- 20 stickers, maximum 1 m<sup>2</sup>
- Creation, application and removal of stickers
- **EXCLUSIVE sponsorship**

# À la carte participation - CONGRESS EQUIPMENT

## SPONSORSHIP OF THE MOBILE APPLICATION ..... €5,000 before TAX

### CONTENT OF THE APPLICATION

- Programme, summaries, floor plan

### SPONSORSHIP CONTENT

- Your sponsorship is mentioned every time the application is opened
- Your sponsorship is announced in the programme and on the website
- One personalised push notification per day (140 characters max - subject to approval by the scientific committee)

## SPONSORSHIP OF THE CONGRESS WIFI ..... €5,000 before TAX

Sponsorship of free wifi access for participants

Available throughout the Palais des Congrès

## SPONSORSHIP OF BADGE CORDS ..... €6,000 before TAX

## CUSTOMISED NOTEPADS ..... €2,000 before TAX

### SPONSORSHIP CONTENT

- Your advertisement printed on the front cover of the notepads
- **EXCLUSIVE** sponsorship

## CUSTOMISED PENS ..... €1,500 before TAX

### SPONSORSHIP CONTENT

- Your logo printed on the pens given to participants (1-colour printing)
- **EXCLUSIVE** sponsorship

## INSERT IN THE BAGS ..... €1,000 before TAX

- 1,000 copies to be supplied - A4 format and 4 pages maximum
- **LIMITED** number of partners

## ADVERTISING IN THE EXHIBITOR CATALOGUE

Back cover **EXCLUSIVE** ..... €2,000 before TAX

Inside back cover **EXCLUSIVE** ..... €1,500 before TAX

Inside page ..... €1,000 before TAX

½ Page ..... €500 before TAX

	2 OPEN CORNERS	€400 before TAX	
	3 OPEN CORNERS (ISLANDS)	€600 before TAX	
	INSURANCE	€200 incl. TAX	

THE FULLY-EQUIPPED PACKAGE INCLUDES:

- Standard partitions (height 2.50 m)
- Carpet
- Sign with exhibitor's name
- LED bar lighting
- A 3 kW electric box (intermittent)
- A set of furniture: 1 table + 3 chairs + 1 bin
- 3 exhibitor badges, per 9m<sup>2</sup> (no access to conferences)
- 1 lunch box per day per exhibitor badge

**YOUR STAND CAN BE PROVIDED AS A BARE SURFACE, BUT WITHOUT ANY DISCOUNT.**

Stands will be allocated on a first come, first served basis, according to the date and time of arrival of signed reservation forms.

## START-UPS

Start-ups can apply for a 6m<sup>2</sup> stand in the dedicated exhibition area.

THE STAND INCLUDES:

- Carpeting - Furniture (1 table and 2 chairs)
- 2 exhibitor badges (no access to conferences)
- 2 lunch boxes per day

- **EARLY BIRD RATE (before 10/3/2025) ..... €1,500 before TAX**
- **STANDARD RATE ..... €1,500 before TAX**

Candidate companies will have to meet a number of criteria, such as date of creation, number of employees, whether or not they belong to an incubator, and turnover
